

## Announcements

**12TH ANNUAL  
NATIONAL CENTER FOR  
PUBLIC PERFORMANCE  
SEPTEMBER 26TH-27TH  
BOSTON, MA**

**PUBLIC  
PERFORMANCE  
CONFERENCE  
2019**

The National Center for Public Performance (NCPP) announces the 12th Annual Public Performance Conference. Set to take place September 26th and 27th, the event will bring together government and nonprofit performance professionals and scholars from around the world for a dialogue on the use of data to improve efficiency and efficacy of public services. The conference theme is "Accelerating Public & Nonprofit Performance".

[Registration \(\\$99  
early-bird rate\)](#)

## Professional Development

Improve your organization's use of data.  
*Online certificate begins in April.*  
Increasingly, government and nonprofit agencies are turning to data to improve the

delivery of public services. Learn the functions of public sector performance measurement in the completely online Strategic Performance Management (SPM) program this winter. The SPM is a noncredit certificate designed for individuals in public and nonprofit organizations, at all levels of management.

# Strategic Performance Management Certificate

## Opportunities to Contribute

### What's your performance story?

**Call for Submissions:** How are you using data to shape your organization and create impact? [Share your story here](#) to be featured in an upcoming newsletter or on our website.

### Public Performance and Management Review

**Call for Submissions:** *Public Performance and Management Review* (PPMR), the journal of the American Society of Public Administration's Section on Public Performance and Management invites manuscripts addressing a broad range of factors influencing the performance of public and nonprofit organizations and agencies (including best practices in measuring and evaluating performance, improving budget strategies, managing human resources, building partnerships, engaging citizens, and applying new technologies). More information is available [online](#) and by [email](#).

## News & Research

### New York City, St. Petersburg, Fla., Ramp Up Data Storytelling

by Zach Quaintance

*"Better software has made the job of interpreting and analyzing city data easier. The results are both profound and personal, depending on how the technology is used."*
